Normal Operations	Normal Operations	Normal Operations	Normal Operations

Cal OES COASTAL REGION

Treated Effluent Release, San Leandro, Alameda County, SPILL 18-1607 (New/Final)

On 03/12/18 at 0036 hours, the California State Warning Center (CSWC) received notification from the Dublin-San Ramon Services District. A release of less than 20,000,000 gallons of treated effluent occurred at the treatment/sewage facility in San Leandro, Alameda County due to a computer failure opening a valve and causing the discharge.

- Discharge was secured and pumps shutdown; only residual material was left in the 36 inch line that was still releasing at the time of report. Dublin-San Ramon Services District was mitigating and getting an accurate discharge amount last night.
- CSWC made notifications per Hazardous Materials SOP.
- The Cal OES Coastal Duty Officer (CDO) notified Alameda County OES of the incident and forwarded the spill report.

Cal OES INLAND REGION

- Nothing significant to report.

Cal OES SOUTHERN REGION

Significant Precipitation, Potential Debris Flows, Santa Barbara & Ventura Counties

An upcoming storm system will bring significant precipitation on Tuesday, 03/12/18, for areas in Santa Barbara and Ventura Counties.

- The heaviest precipitation is expected to occur Tuesday from 0700 – 1500 hours with rainfall rates expected to reach up to .50” - .70” inch per hour.
- This creates a strong probability for debris flows to occur at recent burn scar areas.

Activations

- The Santa Barbara County Emergency Operations Center (EOC) will activate to Level 2 on Tuesday, 03/13/18, at 0500 hours.

Deployments

- 1 Cal OES Southern Region Emergency Services Coordinator (ESC) deployed to Santa Barbara County EOC

Resources Assigned

- 1 Local Type III IMT (Law / Fire), activates at 0700 hours on 03/13/18

Evacuations

Mandatory Evacuations:

- On 03/12/18 at 1525 hours, the Santa Barbara County Office of Emergency Management issued a Mandatory Evacuation Warning for residents in the Thomas, Sherpa, Whittier, and Alamo burn areas along the Santa Barbara County south coast (Goleta, Santa Barbara, Montecito, Summerland, and Carpinteria), requesting individuals and families leave the evacuation area by 2000 hours this evening.
 - Approximately 2,100 – 2,200 residents impacted.

Voluntary Evacuations:

- At 1806 hours, the Cal OES Law Enforcement Branch advised that Ventura County Sheriff, Office of Emergency Services, issued voluntary evacuation orders for Matilija Canyon and North Fork areas of Ojai, effective 03/13/18 at 0700 hours, expiring at 1500 hours.

SITUATION SUMMARY

Significant Precipitation, Potential Debris Flows, Santa Barbara County (Continued)

Evacuation Center

- American Red Cross (ARC), Goleta Valley Community Center, 5679 Hollister Ave., Goleta.
- Access and Functional Needs (AFN) services are available.
- City of Santa Barbara and City of Carpinteria have set up evacuation plans for those needing help with transportation to the shelter.
- County Public Health has pre-identified those facilities and AFN patients within the proposed evacuation areas that may need assistance with transportation and have proper planning in place.
- Casa Dorinda, a life care community, will be fully evacuated which includes 300+ seniors and Assisted Living and Skilled Nursing residents.

Missions

- 2018-LAW-45627: 10 CNG High Water Vehicle and personnel. (Coordinating)

Law Enforcement

- The Cal OES Law Enforcement Branch Region Assistant Chief is monitoring and providing assistance and updates as warranted.

WEATHER SYNOPSIS BY REGION

NORTHERN CALIFORNIA

The blocking ridge which was persistent during the earlier half of February will remain well offshore and allow multiple system passages during the next 1 to 1.5 weeks. This means periods of wetting precipitation and higher humidity.

The first system will begin to affect the area later today and last through Friday. The bulk of the precipitation will affect the region Tuesday and Wednesday. Snow levels will lower to around 4000 feet by Tuesday night. The entire region will receive wetting precipitation with liquid water amounts ranging between 1.5 to 3.0 inches favoring the coastal ranges as well as the west slopes of the Cascade and Sierra ranges. Moist southerly winds will increase today and peak tonight with residual impacts into Wednesday morning. Peak speeds will range between 30 to 40 mph but locally higher speeds will be found across the far north.

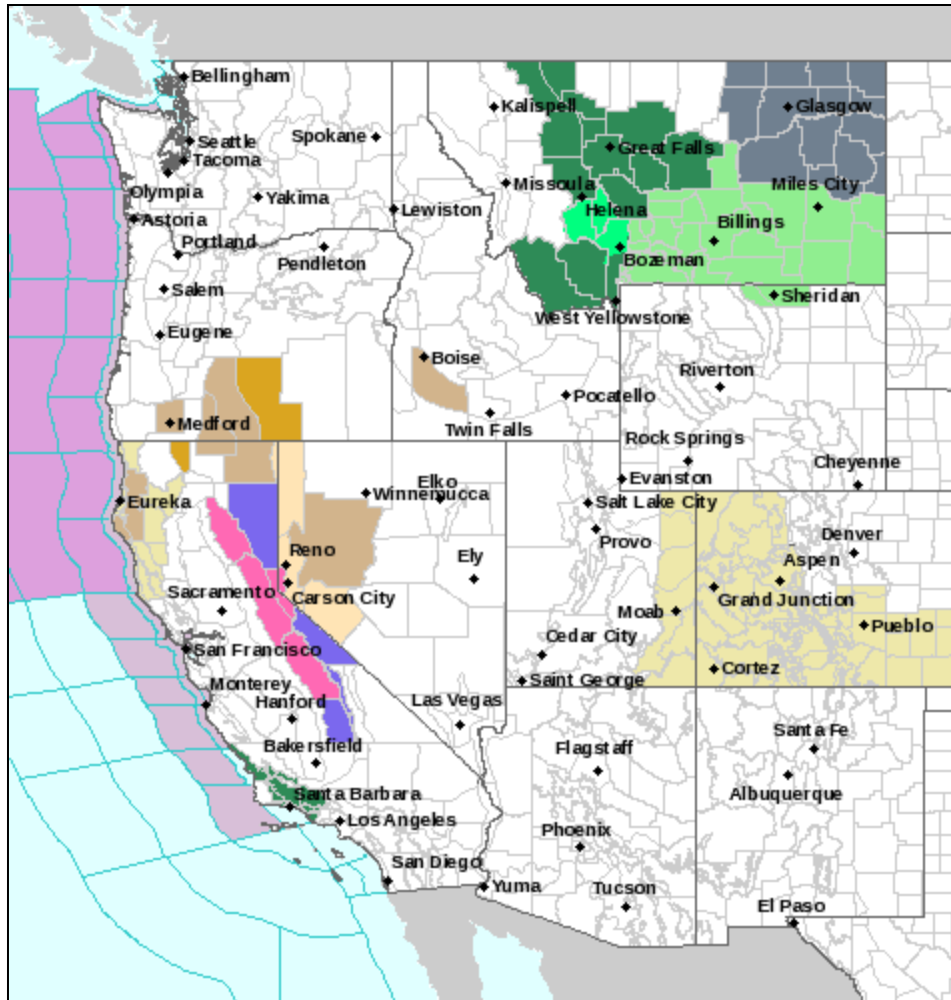

The upcoming weekend looks to be drier although can't rule out a stray shower or two. Another system or two should track over the region next week and provide additional unsettled weather and precipitation chances. Timing of the main system passages is hard at this time but should get more clarity in the coming days. As of right now, the main frontal band is projected for mid week.

SOUTHERN CALIFORNIA

A weak ridge of high pressure over California will cause temperatures to be around 5 degrees above normal today with mid 50s to mid 60s across the mountains and upper 60s to mid 70s in the valleys. Winds will be light today. A strong storm will develop off the Pacific Northwest Coast and then drop slowly south bringing showers to Central California this evening through Saturday night. Showers will develop over Southern California starting Tuesday evening and then continue through Saturday night. Rainfall totals through Saturday night will be mainly between 1 and 2 inches over the foothills and mountains and between a half inch and an inch in the coastal and valley areas. The snow level will be between 7,000 and 8,000 feet initially, but then drop to 5,000 and 6,000 feet by Wednesday. By Friday night and Saturday, the snow level will drop to between 4,000 and 5,000 feet. Temperatures will cool 5 to 10 degrees across Central California Tuesday, but there will be little change in the warm temperatures across Southern California. Temperatures will cool to 5 to 10 degrees below normal across the entire region Wednesday through Saturday. A weak ridge of high pressure will bring a few degrees of warming and dry conditions Sunday into early next week. South to West winds of 20 to 30 mph with gusts to 50 mph will surface over the wind prone mountain and desert areas Tuesday into early next week.

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Missions

- **2018-LAW-45609, 03/11/18, 1706 hours:** The San Bernardino County Sheriff's Dept. (SBSD) is requesting SAR resources to assist in the search for a 40 yr old male missing since Saturday (03/10). The MP called 911 approx. 1800 hrs. stating he was lost on Mt. Baldy. There has been no further contact with him since and SBSD SAR has been searching overnight and today to no avail. They are requesting 18 Type I Alpine rated searchers for Monday. (2) teams from LASD and Orange County SO have agreed to assist. **Mission Ongoing.**
- **2018-LAW-45569, 03/07/18, 1602 hours:** The Mendocino County Sheriff's Office (MCSO) is requesting SAR resources to search for a missing female in Covelo, Ca., believed to be a victim of domestic violence. The suspect in this case is in custody however she is still missing. The search is scheduled for Sunday, 11 March. Resources to be on site at 0900 hours at the Covelo Cal Fire Station at 77251 Highway 162 in Covelo Ca. The requested resources include 75 Type II ground pounders (including MCSO personnel), armed LE escorts with marked vehicles, 4 HRD K9 teams, 24 Nano tracking devices, a UH72 helicopter for aerial searching, and a Harrier mobile hot spot. The ground searchers and LE escorts have been secured from Lake, Marin, Napa, San Mateo (BAMRU), and Sonoma counties. The HRD K9's were secured by the Cal OES LEB Canine Coordinator. The CNG approved the request for the UH-72 (Lakota), the nano tracking devices and the Harrier hot spot, along with support personnel. This will be a single day search and all out of county resources will be released Sunday afternoon. **Update: 03/08/18:** Only 3 K9 Teams are available for the search 03/11/18. MCSO advised. **Update: 03/11/18, 1901 hours:** MCSO advised they had 100+ searchers on scene today but were not able to locate the missing person. All out of county resources were released. **Mission Closed.**

Cal OES MISSION TASKING

Cal OES Missions

- **2018-Inland-45563:** Air Resources Control Board to provide 5 air monitors to Shasta County due to a controlled burn (On Scene)
- **2018-IREOC-45244:** Caltrans to remove dead and dying trees along highways in Kern, Tulare, Fresno, Madera, Mariposa, Tuolumne, Calaveras, Butte, Plumas, Sierra, Shasta, and Lassen counties.
- **2018-Southern-44905:** Communications support, Baker to Vegas Annual Challenge Cup, San Bernardino County (Coordinating)
- **2017-SOC-44098:** CalRecycle Debris Management Team in Ventura County
- **2017-SOC-43821:** DTSC to remove household hazardous waste from over 500 residential lots in Ventura County (On Scene)
- **2017-Inland-42559:** Weather station installed to gather real time rainfall data by Air Resources Control Board (On Scene)
